BC's public sector

CHALLENGES

- scattered, fragmented, silos
- rule bound, slow
- “procurement”
- unaware of value that digital resources have for tech industry

BC's tech industry

BIG!

- \$23 billion annual revenues
- 9000 enterprises
- 84,000 employees
- growing
- examples of working with BC public sector

BC's tech industry

CHALLENGES

- precious little time and money
- many cannot risk engagement with public sector
- unaware of digital resources BC public sector could potentially provide

BC Laws API Management

BCDevExchange has been investigating the use of an API Management Tool (currently WSO2) to help provide various functions for managing APIs. This project involves using BCCLaws as a pathfinder to illustrate how the API Management tool would be integrated with other BCDevExchange components. Currently in the Lab / Exploration.
